The work is not desk based and can be physically demanding, including some lifting. The work is mentally demanding as it involves working directly with the general public. The successful candidate will be a friendly and confident person who is happy to work in a customer facing role. Candidates will need to have excellent communication and people skills to manage the occasional challenging customer.

Candidates will be able to demonstrate that they can work on their own initiative, as well as being an effective team member. Candidates will show a commitment to reading, lifelong learning, information delivery and virtual services.
