<b>Grade:</b> N Salary:	<b>Date Prepared:</b> October 2018
<b>Directorate/Group:</b> Strategic Development and Growth Strategic Delivery Team	<b>Reporting to:</b> Senior Project Manager
<b>Structure Chart attached:</b>	No

### Job Purpose

- To work as part of the Strategic Delivery Team in the management of the town centre programme of work, and by liaising with various stakeholders internal & external, ensure that projects are delivered through established project management principles.

### Key Accountabilities

- Prepare project documentation for multi-disciplinary, in-house and partner project teams, including the development of project briefs and business cases with project sponsors.
- Convene and prepare documentation for project meetings.
- On-site support to the Project Manager / Senior Project Manager, keeping up to date records of contract management processes
- Act as the single point of contact for all stakeholders and external agencies concerning progress of specific projects
- Support the project managers in the delivery of projects
- Draft written and verbal reports to project board and, subject to approval, Cabinet Member or committees as required.
- Monitor project progress and prepare status reports for the project board, other stakeholders and corporate project monitoring processes
- Co-ordinate public consultation and public relations concerning projects
- Be responsible for the carrying out of post implementation reviews and audits in pursuit of continuous improvement

## **Supplementary Accountabilities**

- Work with other sections of the directorate to ensure provision of appropriate information for the town centre portfolio.
- Co-ordinate with directorate and central finance teams in monitoring fees and expenditure
- Assist in the preparation, implementation and management of construction service contracts.
- Identify and develop improvements to project management processes, supporting and advising other teams, managers and technical staff
- Deputise for other members of the Strategic Delivery team in their absence on day-to day matters arising and make decisions as appropriate

## **Knowledge & Experience**

*Candidates must have substantial knowledge and experience in the following areas of business and will be required to provide evidence of this:*

- Membership (or working towards membership) of an appropriate professional institution
- Experience in managing and delivering civil engineering or other relevant projects and programmes (preferred)
- Competency in project management processes and a level of understating of local transport plan issues, public consultation and planning.
- Excellent communication skills
- Experience of working with multi-disciplinary senior professionals and members within a local authority or an organisation with a significant highway function
- The ability to influence senior managers, members, other stakeholders and external bodies
- Experienced in taking measured risks commensurate to value added to potential outcome
- Ability to work outside of normal working hours to attend meetings, committees and site hours

## **Qualifications**

- Educated to diploma/HNC/HND level or equivalent compensatory experience
- CSCS qualified (preferred)

## **Decision Making**

- Regular reports and advice to members and senior managers

## **Creativity and Innovation**

- Development of project management processes and procedures
- Scoping and planning of projects

- Solutions need to be applicable to department while in pursuit of best practice and improving current systems.
